9. The provision of Rs 15,000 made for Taluk School buildings in the current year's P.W. Budget has already been distributed among certain school buildings. No money out of this provision is available.

Submitted

30/1/09 P.O. Submits 7 sheets with reference to his note of 18/11/07

No money appears to be available for the work at present

18/2/09

30/1/09 Case placed before the Dewan

The additions & alterations proposed to the existing building will make the place very much cramped, as there is very little space available.

The alternative of a separate new building seems the preferable by far if only the funds for it were forthcoming.

May the managing committee be informed that if they would collect public subscriptions up to half the cost, the other half will be contributed by Govt as a grant in aid

Sir,

In compliance with para 2 of Government Proceedings No 11688-90/Fd 113-06-4 of the 11th June last, I have the honor to forward the accompanying estimate amounting to Rs 2,168 for additions and alterations &c to the school for the Deaf-mutes and the Blind at Mysore, received from the Superintending Engineer, western Circle

2 It is proposed to extend the main building by adding two ~~round~~ oval with padapah slab, roof on armoured concrete joists and to construct a kitchen behind the main building as per plan accompanying with roof of Bangalore tiles on rolled steel rafters and angle iron reepers The plan has obtained the approval of the Inspector General of Education, but as Government have also called for proposals for the construction of a new building for holding the school under reference, I think it is rather a large sum (Rs 2,168) to spend on the extension of the present building

I have the honor to be,

Sir,

Your most obedient servant

Docket No 2109 dated 26th April 1909, from the Superintending Engineer, Western Circle, to the Chief Engineer of Mysore

---

With reference to para 2 of Chief Engineer's No 6 dated 21-1-1909 and Government Order No S 73-4/Edu 113-08-16 dated the 10th March 1909 in regard to the additions and alterations to be made to the existing Deaf and Dumb Mutes school at Mysore, has the honor to resubmit herewith for orders estimates with plans &c, amounting to Rs 2,168/- and Rs 2,401/- for the works in question together with copy of Mysore Division Executive Engineer's No 317 dated the 14/17th instant as desired

2 In the undersigned's opinion, it is hopeless to get any suitable extension to the existing building at a cost of Rs 400 as thought of in the Government Order No cited above The building is situated in a square where there is a clock tower and important roads which are used as procession routes both by His Highness the Maharaja and by distinguished Guests when they visit Mysore It is not desirable to add a temporary kutcha building for kitchen If the building is to be improved to suit the requirements of the Deaf and Dumb Institutes, it is advisable to do so securing architectural effect Otherwise it is better that the Institution is removed to one of the buildings of the present Industrial School and a temporary shed or two may be erected in the premises for the purpose till Chamarajendra Technical Institute is built

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 11082
724

Bangalore 1st June 1909

From

H J BHABHA ESQ MA
Inspector General of Education in Mysore

To K S Chandrasekhara Iyer Esq, B.A, B.L,
Secretary to the Government of H.H the
Maharaja of Mysore,
General and Revenue Departments

SIR,

With reference to Government order No 8973-4 Ed 113-06-16 of the 16th March 1909 directing that the building of the Deaf mutes and the Blind School at Mysore be extended at a cost not exceeding Rs 4000 which was the sum originally fixed by the Committee for the management of the school, I have the honour to inform you that Rs 400/- was intended to cover the cost of a temporary shed proposed to be erected for the rattan work in the open ground to the west of the present building with the materials brought at the Exhibition of January 1906 The idea of a temporary shed being put up was given owing to the opposition of the Municipality An estimate was then prepared for improving and extending the present building at a cost of Rs 2168/- I countersigned and sent back the estimate to the

I Superintending Engineer Western Circle I request that Government may be pleased to sanction the estimate from the funds under DPH Budget for extension of building wanted

I have the honour to be
Sir
your most obedient servant

H J Bhabha
Inspector General
